1. PRODUCT AND PROCESS DESCRIPTION

Product description: Aloe vera fillet pure.

Product description: Fillet of organic aloe vera in its juice, made using fresh Aloe vera *Barbadensis* Miller leaves as raw material from certified Organic crops, located in Spain.

Product processed and elaborated in our factory certified with IASC [International Aloe Science Council] and IFS v.6, located in Valladolid [Spain].

Process: The leaves of Aloe Vera are received fresh in our facilities, where once washed, they are peeled, obtaining peeled aloe vera. The fillet is washed and packed together with the steering liquid (aloe vera juice + citric acid), making a final autoclaved of the product.
